EXPERIENCE

I have built and managed teams of CDs, ADs, Designers, Copywriters and FEDS while forging collaborative and inclusive creative cultures. I take pride in playing a critical role establishing long-lasting client relationships through sales, services, and thought leadership. I have conceived, implemented, and owned processes and procedures to help teams and agencies-at-large run intelligently and efficiently across a wide spectrum of clients (B2B and B2C). Responsibilities over the years have included:

- Digital Experience Design (Strategy/UX/UI)
- Brand discovery, creation, refresh, and extension
- Creation and evolution of complex identity systems
- Nurturing design thinking and philosophies
- Creative account oversight
- Design and implementation of digital ecosystems
- Photo and video shoot direction
- Sales pitch creation and delivery
- Thought leadership
- Talent development
- Member, senior leadership team
